## 2018 Order Form for Beef, Pork, Maple Syrup, and Honey

"From our farm to your door, with health benefits and more!" Scenic Haven Farm's luscious green grass, pure spring water, fresh air, sunshine and adequate shade, combined with the devoted, attentive care provided by our family, creates the vibrant health of our animals.

In 2018, we will be offering 100% Grassfed Red Angus Beef to our retail customers for the first time. We have been expanding our herd for several years in anticipation of this day, and are very excited to now have the chance to bring you this opportunity. Many of you have come to love our Jersey beef over the last several years. Though hard to believe, we think you'll find this meat to be even better in both flavor & tenderness! The Red Angus cows are amazing grazers, and seeing them peacefully spending their days on our hillsides brings much gladness to our hearts. In addition, we will continue to offer our very popular Grass Fed-Grain Fed, no GMO Pork. We're grateful to be able to share all of this goodness- a taste of our farm- with you.

Meat is processed in a licensed, inspected facility; individual packages are vacuum-sealed, frozen, & labelled. Available for home delivery to your door in May (likely Sat. 5/5) and November (likely 11/3), by pre-order. Pork is available in November only. Orders must be received by March 30 for May delivery, and by September 28 for November delivery. Minimum total order: \$50 per delivery.

Note: Once processing is completed, there may be extra meat available. Please circle any cuts below that you might want to purchase as single extras. We'll contact you if additional individual meat packages you're looking for become available.
