

# Scenic Haven Farm

## 2019 Order Form for Gourmet Grassfed Beef and Pork + Maple Syrup and Honey

"From our farm to your door, with health benefits and more!" Scenic Haven Farm's luscious green grass, fresh spring water, clean air, sunshine and adequate shade, combined with the devoted care provided by our family, creates the vibrant health of our animals.

In 2019, we will again offer our 100% Grassfed Red Angus Beef to CSA customers. It is one of the best marbled, tender, and flavorful beef available. Our Red Angus cows are amazing grazers, and seeing them peacefully spending their days on our hillsides brings much gladness to our hearts. In addition, we will continue to offer our very popular Grass Fed-Grain Fed, no GMO Pork. We're grateful to be able to connect with you- from our field, to your plate- with a taste that's great!

Meat is processed in a licensed, inspected facility; individual packages are vacuum-sealed, frozen, & labelled.

Available for home delivery to your door in November (currently planned for 11/2), by pre-order. Orders must be postmarked by October 15.

Minimum total order: \$100 per delivery.

Note: Once processing is completed, there may be extra meat available. Any extra individual beef and/or pork cuts will be offered to you at the time of delivery.

### 100% Grassfed Red Angus Beef
